

幼儿体育与健康 — 让孩子运动、心动、感动

---

目 次

## Part I (中文)

### 生活作息对幼儿健康的重要性

— “吃好、睡好、运动好”的运动策略 —	3
1. 近年来幼儿所面临的三个问题	3
(1) 睡眠节奏不规律	3
(2) 饮食节奏的混乱	5
(3) 运动不足	6
2. 休息、营养、运动问题的出现与自主神经系统	7
3. 体温的变化规律	8
(1) 随着年龄增长体温的变化规律也不同	8
(2) 低体温对身体的影响	8
(3) 改善体温变化的方法	9
(4) 体内生物钟与脑内荷尔蒙	10
(5) 午睡的作用	10
4. 睡眠进一步混乱带来的问题	11
5. 创造健康生活的建议	11
6. 近年来孩子们所存在的问题	12
7. 培养孩子健康全面发展的目标	15
8. 孩子的成长、发展状况的诊断和评价	15
(1) 睡眠·休养	15
(2) 营养·膳食	16
(3) 活动	16

(4) 运动之基本·····	16
(5) 发展的均衡性 (身体的·社会的·智力的·精神的·情绪的发展)···	17
(6) 父母的作用和帮助·····	18
9. 现如今,如果您都厌倦了,那么孩子会变得很糟糕·····	18
<b>幼儿体育的意义与作用</b> ·····	<b>20</b>
1. 幼儿体育的定义·····	20
2. 幼儿体育的目标·····	21
3. 幼儿体育的指导方法·····	21
(1) 指导方法·····	22
(2) 指导技巧·····	22
4. 需要让孩子们体验的运动·····	23
5. 对幼儿体育的期待·····	24
6. 幼儿体育应有的状态·····	25
7. 进行幼儿体育指导的注意事项·····	26
<b>幼儿体育需要了解的重点内容</b> ·····	<b>28</b>
1. 幼儿体育的理论方面·····	28
2. 幼儿体育的实践方面·····	35
<b>关于幼儿体育指导方法的见解</b> ·····	<b>38</b>
1. 活动前的注意事项·····	38
(1) 创设安全的环境·····	38

(2) 服装 .....	39
(3) 指导者的站位 .....	39
(4) 队形 .....	40
(5) 整队与间距 .....	40
(6) 准备活动 .....	41
(7) 分组 .....	41
2. 活动开展时的注意事项 .....	42
(1) 说话方式 .....	42
(2) 满足感 .....	42
(3) 士气的鼓舞 .....	42
(4) 培养主体性, 自发性和创造力 .....	43
(5) 应对危险 .....	43
(6) 竞争 .....	44
(7) 对有胆怯心理孩子的关注 .....	44
(8) 运动量 .....	44
(9) 辅助 .....	45
(10) 技术的习得 .....	45
(11) 注意力的持续 .....	46
(12) 创造轻松愉快的气氛 .....	46
3. 整理部分 .....	46
(1) 整理运动 .....	46
(2) 整理物品 .....	47
(3) 活动的总结 .....	47
(4) 运动后的安全和卫生保健 .....	47

公园运动器材与孩子运动能力的培养 .....	49
1. 夜晚型生活给孩子造成的消极影响 .....	49
2. 过多地接触媒体给孩子们造成的消极影响 .....	51
3. 提高脑和自主神经系统功能的方法 .....	53
4. 公园运动器材的意义和作用 .....	54
(1) 滑梯 .....	55
(2) 秋千 .....	55
(3) 云梯 .....	56
(4) 造型运动器材和恐龙运动器材 .....	56
(5) 模拟爬树的运动器材 .....	56
5. 公园运动器材与运动能力的增强 .....	57
(1) 10 大体力 .....	57
(2) 4 种基本的运动技能 .....	58
(3) 运动时培养的能力 .....	59
6. 关于公园运动器材基本的安全管理及使用方法 .....	60

## Part II (English)

### **Daily rhythm improvement strategy: Encouraging the**

<b>“Eat, be active and sleep well” movement</b> .....	65
1. Three problems faced by children in recent years .....	65
(1) Sleep rhythm out of order .....	65
(2) Eating rhythm out of order .....	66
(3) Lack of exercise .....	67
2. Body temperature rhythm affected by autonomic nerves and hormones in the brain .....	68
3. Launch of the “Go to bed early, get up early and have breakfast” movement and challenges .....	71
4. The importance in meeting new challenges .....	73

### **Why are physical activities during young childhood so**

<b>important?</b> .....	74
1. The problem is not just about physical activities .....	74
2. Impressing experience forms “Liking” .....	76
3. It will even help enough just by watching over .....	77
4. Society, life cycle, and children’s bodies correspondingly coaching to the various changes .....	78

**Suggestions for physical education instruction methods**

<b>for young children</b> .....	80
Introduction .....	80
Noteworthy points on physical education instructions	
for young children .....	80
1. Noteworthy points at the introductory scene .....	80
(1) Safe environmental setting .....	80
(2) Clothing .....	81
(3) Teacher's standing position .....	82
(4) Formation .....	83
(5) Alignment • distance to children .....	84
(6) Warm-up .....	85
(7) Grouping .....	86
2. Noteworthy points in the development scene .....	86
(1) Manner of speaking .....	86
(2) Consideration for the fearsome child .....	86
(3) Momentum .....	87
(4) Assistance .....	87
(5) Mastering skills .....	87
(6) Sustained concentration .....	88
(7) The making of a pleasant atmosphere .....	89
(8) Feeling of satisfaction .....	90
(9) Stirring up motivation .....	90
(10)Fostering independence, spontaneity and creativity .....	91

(11)Response to danger .....	91
(12)Competition .....	92
3. Ending scene .....	93
(1) Cooling down exercise .....	93
(2) Clearing .....	93
(3) Summary of the activity .....	94
(4) Security after the exercise and hygiene .....	94
<b>Park play equipment and raising children .....</b>	<b>96</b>
Introduction.....	96
1. Health management problems held by children in recent years .....	97
(1) Negative influence on children by pursuing an adult nightlife .....	97
(2) Negative impact of excessive media contact on children.....	100
2. How to increase the work of children’s brain and autonomic nerves .....	103
3. Significance and role of park play equipment .....	104
(1) Slide stand .....	105
(2) Swing .....	106
(3) Monkey bars .....	106
(4) Monument playground equipment • dinosaur play equipment .....	106
(5) Tree climbing playground equipment .....	107

4. Ability to be cultivated with park playground equipment	108
(1) 10 physical fitness factors	108
(2) basic movement skills	110
(3) Ability to grow during exercise	111
(4) Safety management (basic) of park playground equipment and safe usage	112
<b>Children's health and welfare strategy in Japan</b>	<b>116</b>
POINT1: Propagation of the theory of recent children's problem appearance	116
POINT 2: Proposal of 3033 practice	118
POINT 3: Spreading of family exercise	119
